MEMORANDUM FOR: Director of Logistics

FROM:

Assistant General Counsel

STAT

SUBJECT: Appointment with Joint Committee on Printing

REFERENCE: Title 44

1. At your request, I again contacted  OLC, on 8 June and restated the long-term problem of the Agency's need to be exempted from certain revisions of Title 44, as well as the Government Printing and Binding Regulations published by JCP, April 1977. I reexamined the problem and I discussed with Tom who has agreed to set up a meeting at any time convenient to us. It was suggested, however, that notwithstanding the previous efforts taken by Printing and Photography Division (P&PD) that a brief but factual paper stating the actual situation requiring exemptions be set out.

2. I suggested to Tom that Vince and a representative from this Office meet with Tom prior to our appointment for the purpose of coordinating the Agency's position. Tom emphasized that it was most important that our printing representative be able to state generalized categories for which exemptions were necessary and the factual basis under which each requested category of exemption is sought. As I understand it, the Agency's P&PD wishes to have authority to purchase equipment, paper and related supplies, as well as authority to print unclassified materials consistent with the Agency's functions. Tom does not want the P&PD representative to get bound up with minutiae.

3. I suggest that we go ahead and contact Vince so this can get moving again. I am returning the P&PD drafts at this time.
